

NEW PRODUCT

5.5 ULTRA CLUTCH ASSEMBLIES

Tilton Engineering is proud to introduce its new 5.5 ULTRA Clutch Assemblies for road racing and short track racing applications. Since 1972, Tilton Engineering has been a leading supplier of small diameter racing clutches. Tilton clutches have won championships in nearly every form of motorsport worldwide, including F1, NASCAR, IMSA, Indy Car, SCCA, Formula Drift and SCORE.

Tilton's 6-leg 5.5 ULTRA clutches are a direct replacement, and upgrade, for the QM Optimum clutch and is Tilton's lightest weight 5.5" metallic racing clutch. 5.5 ULTRA clutches are designed & manufactured using proprietary materials and manufacturing processes that increases service life of the clutch internals. Featuring a rigid clutch cover that resists deflection, with hardened steel thrust buttons installed into the legs, 5.5 ULTRA clutches provide the most durability and highest performing clutch for the money bar none.

FEATURES

- Tilton's lightest 5.5" metallic racing clutch: **8.35 lbs** (3-plate clutch, discs & button flywheel)
- Direct replacement for QM 6-leg 5.5" clutches.
- Clutch cover leg design, with hardened steel thrust buttons, is most durable on the market.
- Accepts Tilton or QM 99-tooth and 110-tooth cover-mount ring gears.
- 750 lb-ft torque capacity for 3-plate clutch. 500 lb-ft torque capacity for 2-plate clutch.

5.5 ULTRA BUTTON CLUTCH ASSEMBLIES

Includes: Clutch, discs, button flywheel, clutch bolts & flywheel bolts

Application

- Chevy Small Block (early), 2 disc, 26-spline
- Chevy Small Block (early), 3 disc, 26-spline
- Chevy Crate (late), 2 disc, 26-spline
- Chevy Crate (late), 3 disc, 26-spline
- Chevy LS (6-bolt), 3 disc, 26-spline
- Ford Small Block, 2 disc, 26-spline
- Ford Small Block, 3 disc, 26-spline

Part Number

- 57-4136
- 57-3136
- 57-4336
- 57-3336
- 57-3436
- 57-4536
- 57-3536

5.5 ULTRA SERVICE PARTS

5.5 ULTRA CLUTCH ASSEMBLIES

Includes: Clutch and discs

Description	Part Number
5.5 ULTRA clutch, 2 disc, fine spline	67-202HG-36
5.5 ULTRA clutch, 3 disc, fine spline	67-203HG-36

5.5 ULTRA BUTTON FLYWHEELS

Description	Part Number
Button, 6-leg 5.5", Chevy Small Block (early)	19038
Button, 6-leg 5.5", Chevy Crate (late), balanced	19042
Button, 6-leg 5.5", Chevy LS (6-bolt)	19041
Button, 6-leg 5.5", Ford Small Block	19043

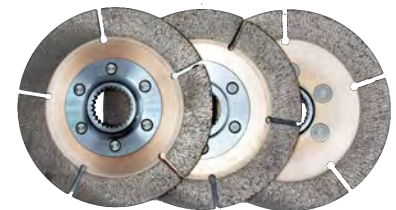

5.5 ULTRA SERVICE PARTS

Description	Part Number
Pressure plate, 5.5 ULTRA	67-128HR
Floater plate, 5.5 ULTRA	67-129
Clutch bolt kit (3 disc or 2 disc with RG spacer)	95-036
Flywheel bolt kit, Chevy (early & late)	95-952-6
Flywheel bolt kit, Chevy LS	95-940-6
Flywheel bolt kit, Ford	95-952-6

5.5 ULTRA DISC PACKS

Description	Part Number
Disc pack, 2 discs, 26-spline	64140-1-AA-36
Disc pack, 3 discs, 26-spline	64140-1-ABA-36

5.5 COVER-MOUNT RING GEARS

Description	Part Number
Ring gear, 99-tooth, 6-leg 5.5" clutches	51-099-2
Ring gear, 110-tooth, 6-leg & 8-leg 5.5" clutches	51-110-1
